3: 34 students
4: 13 students
5: (hard): 18 students

Number of ratings: 89; rating mean value: 3.13; standard deviation: 1.3
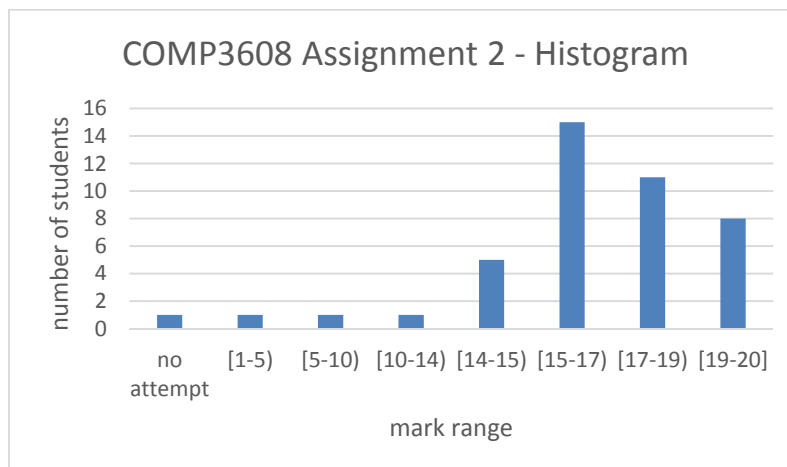

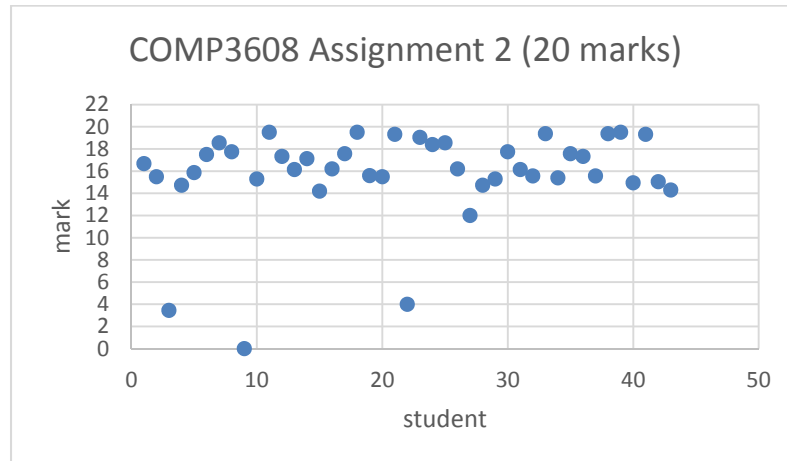

2. COMP3608

Summary statistics

Average mark: 15.79; standard deviation: 4.12
These statistics include no attempts; no attempt = 0 marks

Distribution of marks

The graphs below shows the distribution of marks:

Difficulty

After completing the assignment you were asked to rate its difficulty on a 5-point scale from 1 (easy) to 5 (hard). This is how you rated it:

1 (easy): 1 students
2: 1 students
3: 6 students
4: 3 students
5 (hard): 3 students

Number of ratings: 14; rating mean value: 3.43; standard deviation: 1.16

3. Check your marks

The marks for Assignment 2 are posted on eLearning. Your mark in eLearning should be the same as your mark in PASTA, and if you worked in a pair with another students, both of you should have the same mark. If there is a difference, please email Irena (irena.koprinska@sydney.edu.au).
